Welcome!

- 
- What happens when you reserve a Science In Motion lab?

We get your call or e-mail...

We order supplies...

We prepare enough reagents for
all of your classes...

We photocopy the experiment for
all of your classes...

We load up...

We deliver...

We set up...

Science in
Motion in
action!

The image features three overlapping target graphics on a dark blue background. Each target consists of five concentric circles, with the innermost circle being a dotted line and the outermost being a solid line. The targets are arranged in a triangular pattern, with one at the top left, one at the top right, and one at the bottom center. The text "We clean it all up!" is centered in the middle of the image, overlapping the central parts of the three targets.

We clean it all up!

More services for you...

- Student handouts for pre-lab, during lab and post-lab analysis
- We can teach the lab, assist you in teaching the lab, or drop off equipment for your use
- Custom-designed labs for your individual needs
