

DATA SCIENCE/ANALYTICS

FACULTY COORDINATOR

Edisanter Lo, Ph.D., Professor of Mathematics & Computer Science

Minor in Data Science/Analytics. The minor in data science/analytics requires the completion of 20 semester hours of the following courses with grades of C- or better: MATH-180 Statistical Methods (or MATH-108 Introduction to Statistics plus INFS-233 Data Driven Decision Making), MATH-201 Linear Algebra, CSCI-181 Principles of Computer Science, CSCI-301 Data Mining, and CSCI-401 Machine Learning.

Double-counting restriction for interdisciplinary minors: only 4 semester hours of this minor may be double-counted toward the student's major.
